Oriola commences a share buyback programme

Oriola's Board of Directors has decided to commence a share buyback programme for Oriola's own shares based on the authorisation given by the Annual General Meeting held on 25 March 2026.

The purpose of the buyback programme is to develop Oriola's capital structure, to be used as a part of the company's incentive schemes and to serve the interests of the company's shareholder base.

The share buyback programme will be carried out on the following main terms:

- The maximum number of shares to be repurchased is 1,000,000, corresponding to approximately 0.5% of the total number of shares.
- A maximum of EUR 1.5 million will be used for the repurchases.
- The shares will be repurchased in public trading on Nasdaq Helsinki at the market price prevailing at the time of purchase. The repurchases will be financed from the company's unrestricted shareholders' equity.
- The share buyback programme shall commence on 30 April 2026, at the earliest, and end by 31 August 2026, at the latest.

Repurchases will be carried out in accordance with the so-called safe harbour rules referred to in Article 5 of the EU Market Abuse Regulation (EU N:o 596/2014). Oriola has appointed a third-party broker as the lead manager to execute the buyback programme. The broker will make trading decisions independently and without influence from Oriola.
