Oriola’s Board of Directors resolves not to distribute an additional dividend instalment

The Annual General Meeting on 25 March 2026 authorised the Board of Directors of Oriola Corporation, at its discretion, to resolve on the distribution of a possible additional dividend instalment of up to EUR 0.04 per share for the financial year ended 31 December 2025.

The Board of Directors has resolved not to distribute an additional dividend instalment for the financial year ended 31 December 2025.

The decision is in line with Oriola’s capital allocation principles, which balance investments supporting profitable growth, strengthening the company’s financial position and shareholder returns. The Board considers that retaining the capital at this stage supports the company’s investment needs, strengthens its financial position and supports strategy execution. The principles also provide flexibility in the means used to return capital to shareholders.

In accordance with the resolution of the Annual General Meeting, the first dividend instalment of EUR 0.03 per share was paid on 15 April 2026.
